HOMEOWNER'S ASSOCIATION

A. CREATION OF THE ASSOCIATION

On or before the sale of the last lot by Declarant to a Lot Owner (other than Declarant), the Declarant shall cause the Association to be created. The Association shall adopt such provisions in its Articles of Incorporation and By Laws as are not inconsistent with the provisions of this Declaration.

1. Membership in the Association. Every Lot Owner in the Subdivision shall be a voting member of the Association (a "Member") and shall have those rights and be subject to those obligations set forth in the Articles of Incorporation, the By-Laws and the Declaration.

The foregoing is not intended to include persons or entities who hold an interest merely as security for the performance of an obligation. Membership shall be appurtenant to and may not be separated from ownership of any such Lot. Voting rights for members shall be as set forth in the Articles of Incorporation and/or the By-Laws.

2. Management. The Association and use of the Common Area and the Conservation Area shall be managed by the Board of Directors and shall be governed by the By-Laws, the Declaration, the Articles of Incorporation and Rules and Regulations adopted by the Association, and Powhatan County.

3. Use and Enjoyment. Each Member, his or her immediate family, their guests and invitees, tenants and permittees, shall be entitled to the use and enjoyment of the facilities thereon. Each Lot Owner shall be responsible for any damage to the Common Area caused by such Lot Owner or his or her guests, invitees, agents, contractors, and visitors, including, but not limited to, damage to any roads. Special more restrictive Rules and Regulations regarding use of any Common Areas and facilities (other than any roads) may be adopted by the Board of Directors at any meeting.

4. Maintenance of Common and Conservation Areas and Facilities. The Association shall maintain and operate the following:

(a) The Association shall maintain, subject to the terms and provisions of any leases thereon, all Common and Conservation Areas and improvements thereon, including roads exclusive, however, of any private easements and driveways.

(b) The Association shall be authorized to determine when such road maintenance should be performed and to contract with an appropriate contractor to perform said work.

(c) The Association shall construct, operate and maintain such recreational facilities in the Common and Conservation Areas as it deems fit and proper and make such extra charges as it deems proper for the use of these recreational facilities.

(d) The Association shall further be in charge of the general policing and control of the entire Common Area and Conservation Area, and shall have authority to adopt and enforce any reasonable regulations for control of the Common and Conservation Areas, for the recovery of damages to any of the Common or Conservation Areas and the for prevention of nuisances.

B. ASSESSMENTS AGAINST LOTS

1. Creation of the Lien and Personal Obligation of Assessments. Except as otherwise provided herein, each Lot Owner by acceptance of a deed therefore, whether or not it shall be so expressed in any such deed or other conveyance, is deemed to covenant and agree to pay to the Association: (1) annual assessments or charges, and (2) special assessments, such assessments to be fixed, established, and collected from time to time as hereinafter provided. The annual and special assessments, together with such interest thereon and costs of collection thereof, including reasonable attorney's fees as hereinafter provided, which are attributable to a Lot Owner shall be a charge on the Lot of such Lot Owner and shall be a continuing lien upon such Lot. Each such assessment, together with interest, costs, and reasonable attorney's fees shall be the joint and several personal obligations of the persons or entities who were the Lot Owner of such Lot at the time when the assessment was made, and such assessment shall remain

the personal obligation of such Lot Owner, notwithstanding that the lien for such assessment shall pass to his, her or its successors in title.

2. The assessments levied by the Association shall be used to promote the recreation, health, safety and welfare of the residents in the Subdivision and in particular for the improvement and maintenance of the landscaping, gates, fences, signs and other facilities devoted and related to the use and enjoyment of the Subdivision and the Preserve Area.

3. Special Assessments for Capital Improvements. In addition to the annual assessments authorized above, the Association may levy, in any assessment year, a special assessment applicable to that year only for the purpose of defraying, in whole or in part, the cost of any construction, reconstruction, repair or replacement of a capital improvement upon the Common Area, including fixtures and personal property related thereto, and any road work.

4. Notice and Quorum for Any Action to Change Assessments. Written notice of any meeting called for the purpose of taking any action authorized under paragraphs 1, 2 or 3 of Article III Section B above shall be sent to all Members not less than fifteen (15) days or more than sixty (60) days in advance of the meeting. At any meeting the presence of members or of proxies entitled to cast forty percent (40%) of all the votes of each class of membership shall constitute a quorum.

5. Uniform Rate of Assessment. Both annual and special assessments must be fixed at a uniform rate for all Lots owned by Members, and may be collected on any periodic basis.

6. Effect of Nonpayment of Assessments: Remedies of the Association. Any assessments which are not paid when due shall be delinquent. If the Assessment is not paid within thirty (30) days after the due date, the assessment shall bear interest from the date of delinquency at the maximum interest rate provided by law, and the Association may bring an action at law against the Lot Owner personally obligated to pay the same, or foreclose the lien against the Lot, and interest, costs, and reasonable attorney's fees of any such action shall be added to the amount of such assessment. No Lot Owner may waive or otherwise escape liability for the assessments provided for herein by non-use of the Common or Conservation Area or abandonment of his, her or its Lot.

7. Lien for Payment of Assessments and Subordination of Lien to First and Second Mortgages. There shall be a continuing lien upon each of the individual Lots herein, in order to secure the payment of any of the assessments provided under this Agreement, but such lien shall be at all times subject and subordinate to any first or second mortgages or deed of trust placed on the Lot at any time. However, at such time as the Association records in the Clerk's Office a notice of delinquency as to particular Lot on a form prescribed by the Board of Directors, then, from time of recordation of said notice the lien of such delinquent assessments in the amount stated in such notice shall from that time become a lien prior to any first or second mortgage or deeds of trust placed of record subsequent to the date of said filing of notice in the same manner as the lien of a docketed judgment in the Commonwealth of Virginia.

The lien of the assessments provided for herein, whether or not notice has been placed of record as above provided, may be foreclosed by a Bill in Equity in the same manner as provided for the foreclosure of mortgages, vendor's liens, and liens of similar nature. A statement from the Association showing the balance due on any assessment shall be prima facie proof of the current assessment balance and delinquency, if any, due on a particular Lot.

8. Exempt Property. The following Property subject to this Agreement shall be exempt from the assessments and liens created herein: (a) all properties dedicated to and accepted by a state or local public authority; (b) any Common Areas owned by the Association; and (c) any Lots owned by Declarant.

9. Lot Owner's Responsibility. If the need for reconstruction, maintenance, or repair of any part of the Common or Conservation Area is caused through the willful or negligent act of any Owner, his family, guests, permittees, invitees, or agents, or in connection with construction on any Lot, the cost of such reconstruction, maintenance, or repairs shall be added to and become a part of the assessment to which such Lot is subject.

10. Taxes. The Association shall pay any real and personal property taxes, if any, and other charges assessed against the Common and Conservation Areas. Such taxes shall be prorated among the Lot Owners based on the number of lots occupied in the subdivision at the time of assessment, and shall be included in the annual assessment and shall be subject to all remedies available to the Association in the event of nonpayment. In the event of nonpayment of any real estate and/or personal property tax due Powhatan County with regard to the Common

Area and/or the Conservation Area, the appropriate authority on behalf of Powhatan County shall have the right to pursue collection of such unpaid taxes, penalties and interest, if any, from each lot owner, respectively, for each lot owners proportionate share, including the creation of a lien against each lot as to each lot owner's respective obligation in connection therewith.

11. Insurance. The Association may maintain a policy or policies of liability insurance, insuring the Association, Owners and their agents, guests, permittees, and invitees against liability to the public or to said owners, their guests, permittees, or invitees incident to the ownership or use of the Common and Preserve Areas in an amount not less than \$1,000,000.00 for any one person injured, \$1,000,000.00 for any one accident and \$100,000.00 for property damage. Said limits, if any insurance coverage be in effect, shall be reviewed at intervals of not less than three (3) years and adjusted if necessary to provide such coverage and protection as the Association may deem prudent.
